AN ORDINANCE APPROVING AND ADOPTING THE FISCAL YEAR 2014 COMPENSATION PLANS FOR OFFICERS AND EMPLOYEES OF THE CITY, AMENDING AND REORDAINING THE NORFOLK CITY CODE 1979, AS AMENDED, AND APPROVING CRITERIA AND PROCEDURES FOR PAY SUPPLEMENTS FOR CERTAIN CONSTITUTIONAL AND STATE OFFICERS AND THEIR EMPLOYEES.

BE IT ORDAINED by the Council of the City of Norfolk:

Section 1:- Compensation Plans -- Generally. That until otherwise changed by the Council, the pay ranges of various officers and employees of the City, as set forth in the fiscal year 2014 General, Senior Management, Executive, Law, Council Appointee, Fire-Rescue, and Police Compensation Plans of the City of Norfolk, copies of which are attached hereto, and the regulations for the administration of the plans, as set forth therein, are hereby approved, and said plans are hereby adopted. Such plans, as to the positions included, shall supersede and replace the fiscal year 2013 Plans approved and adopted by Ordinance No. 44,741, enacted June 27, 2012, and effective June 23, 2012.

Section 2:- Council and Council President. That until otherwise changed by the Council, the salary of the Council President (Mayor) shall be \$27,000.00, and the salaries of all other members of Council shall be \$25,000.00, and are hereby approved and adopted. This ordinance and its attachments, as they pertain to the Council or the Council President, shall supersede and replace the fiscal year 2013 Compensation Plan Ordinance of the City of Norfolk, approved and adopted by Ordinance No. 44741, enacted June 27, 2012, and effective June 23, 2012.

Section 3:- Constitutional and State Officers and Employees -- Pay Ranges. That until otherwise changed by the Council, the pay ranges of various Constitutional and State officers and their employees, as set forth in this ordinance and its attachments, are hereby approved and adopted. This ordinance and its attachments, as they pertain to said officers and employees shall supersede and replace the fiscal year 2013 Compensation Plan Ordinance of the City of Norfolk, approved and adopted by Ordinance No. 44,741, enacted June 27, 2012, and effective June 23, 2012.

Section 4- **Constitutional and State Officers and Employees - Change of Provisions.** That the Council shall have the right at any time to change the pay ranges, rates of pay, regulations and supplements set forth in any of the compensation plans or supplemental pay schedules adopted in the body of this ordinance or its attachments. Moreover, because the City salary supplements are only intended to grant the Constitutional and state officers and employees parity with City employees, whenever the State Compensation Board authorizes an increase to their salaries during the life of this ordinance, the City Manager shall apply that increase to the employee's State Compensation Board authorized salary, and so as to maintain parity decrease the City's supplement in proportion to the State Compensation Board increase.

Section 5:- **Constitutional and State Officers and Employees - not City officers or Employees.** That notwithstanding the provisions of any ordinance, regulation or action by the Council, City Manager or the Civil Service Commission of the City of Norfolk to the contrary, codified or otherwise, the officers and employees of the various Constitutional and State offices whose salaries the City funds, regardless of whether the City funds 100% of their salaries or some smaller percentage and regardless of whether their date of hire is prior or subsequent to the date of the adoption of this ordinance, shall not be officers and employees of the City or eligible for any of the various rights that inure to the status of City employment, classified or otherwise. Unless their position is created and authorized by the Council of the City of Norfolk or in some cases, the City Manager and the City Attorney, and such creation is implemented in accordance with the charter provisions, ordinances, rules and regulations governing employment with the City, such individuals working within such offices are not and shall not be deemed officers and employees of the City of Norfolk, but instead are and shall be deemed at will employees of the various Constitutional and State officers and offices, and they shall not, among other things, have any rights to utilize the City of Norfolk's Employee Grievance Procedure. All attorneys licensed to practice law in Virginia or elsewhere who are either in the employment of the City or receiving salaries funded entirely by the City but employed by a Constitutional Officer shall be under the ultimate direction and control of the City Attorney and shall serve at his will. In the case of non-City employees whose attorney positions are entirely funded by the City, they shall receive their City-funded salaries at the will of the City Attorney, regardless of their actual employer.

Section 6:- **Employment Status of Officers and Employees.** That nothing contained in this ordinance is intended to or shall alter the employment status of any persons who are not officers or employees of the City of Norfolk. Moreover, notwithstanding any other ordinance, regulation or action by the Council, the City Manager or the Civil Service Commission of the City of Norfolk to the contrary, codified or otherwise, all references to the officers and/or employees

of the City, as those words are used occasionally within this ordinance or its Council-approved tables and regulations, shall only mean those individuals who have attained City employment, regardless of whether their date of hire is prior or subsequent to the date of the adoption of this ordinance, through the usual and regular employment procedures of the City of Norfolk, and who lawfully hold: (i) City positions exempt from the classified service as identified in section 114 of the Charter; (ii) City positions lawfully classified by the Civil Service Commission pursuant to section 111 of the Charter; or (iii) City positions exempt from either the classified or the unclassified service as identified in section 114.1 of the Charter. No officer or employee of the City shall have the authority by reference, omission or error to amend, revise or otherwise change any aspect of the Compensation Plan Ordinance or its associated regulations. Only the Council acting by ordinance may establish or revise the Compensation Plan Ordinance or its associated regulations.

Section 7:- **Special Fiscal Measures.** In situations where the Council reduces its appropriations to fund the salaries and benefits of the workforce (for example, due to severe and on-going economic downturn), the City Manager may initiate a reduction in force. A reduction in force may be justified for various reasons or combinations of reasons, including but not limited to, an economic downturn; the reorganization for efficiency of some department, division or bureau of the City; or the elimination or revision of unnecessary or moribund classifications or positions. In addition, the salaries of all officers and employees, both City Employees and non-City Employees, covered by this ordinance or any of its attachments, including all pay tables, pay systems, pay schedules and pay structures, and its various compensation plan regulations, all of which are incorporated herein by reference, may be adjusted. However, those individuals, if any, whose positions are fully funded by the State Compensation Board shall receive an increase if the Board grants an increase funded entirely by the Commonwealth.

Section 8:- **Commonwealth's Attorney.** Whereas, it is the desire of the Council of the City of Norfolk and of the Commonwealth's Attorney of the City of Norfolk that the compensation of certain officers and employees of the Commonwealth's Attorney which is fixed by the State Compensation Board of the Commonwealth of Virginia pursuant to Virginia Code §15.2-1627.1, as amended, be supplemented; and

Whereas, Virginia Code §15.2-1605.1, as amended, authorizes the Council, in its discretion, to supplement the compensation of Constitutional Officers and their officers and employees in such amounts as it may deem expedient; and

Whereas, the supplementation of the compensation of officers and employees of the Commonwealth's Attorney is not intended to and shall not

constitute them employees of the City for any purpose and shall not authorize the application to them of any personnel policies of the City; and

Whereas, the Council deems it appropriate and necessary to establish specific criteria and procedures for the supplementation of the compensation of the Commonwealth's Attorney and certain of his employees; now, therefore, the Council ordains as follows:

(A) The compensation of the officers and employees of the Commonwealth's Attorney employed in positions designated by the job titles identified in the Attachments to this ordinance shall be supplemented by the payment to them of compensation within the pay ranges set opposite each of their job titles, established in the Attachments.

(B) The Commonwealth's Attorney's salary as of June 30, 2013 shall increase by two percent (2%) on July 1, 2013. Funds for this increase were previously appropriated in the annual appropriations ordinance of the City for fiscal year 2014.

(C) Every officer or employee of the Commonwealth's Attorney whose compensation is fixed by the State Compensation Board of the Commonwealth of Virginia shall in no event receive any lesser compensation than that fixed by said Board.

(D) The Commonwealth's Attorney, whenever the compensation of an officer or employee of the Commonwealth's Attorney is increased by the State Compensation Board of the Commonwealth of Virginia to a sum exceeding the supplemented salary, shall take immediate action to notify the Director of Human Resources to adjust the compensation payable to such officer or employee so that it is not less than that fixed by the Compensation Board.

(E) Any compensation paid in accordance with this ordinance to an officer or employee of the Commonwealth's Attorney in excess of the sum fixed by the State Compensation Board shall constitute a local supplement, to be payable entirely from the funds of the City appropriated for that purpose in the annual appropriations ordinance for fiscal year 2014.

(F) The administration and computation of supplements pursuant to this ordinance shall be governed by and be subject to the following regulations:

(1) The increment date for the Commonwealth's Attorney and each officer or employee of the Commonwealth's Attorney for purposes of the supplements under this ordinance will be July 1st. No increments are authorized for fiscal year 2014.

(2) Salaries of Officers and Employees of the Commonwealth's Attorney whose job titles are identified in Attachments to this ordinance shall be increased by two percent (2%) effective July 1, 2013.

(3) The Commonwealth's Attorney, with the City Manager's endorsement, may authorize one administrative pay adjustment per any individual employee per fiscal year, based on internal equity, value added to the organization, or to meet bona fide external job offers. These adjustments shall be included in an employee's base wages and retirement calculations.

(4) The Commonwealth's Attorney shall provide to the City's Director of Human Resources, on or before June 1, 2013, a list of all officers and employees occupying positions with job titles identified in Attachments to this ordinance, by name, job title and salary. The appropriations made to fund the Commonwealth's Attorney portion of this ordinance, and any payments made pursuant to such appropriations are conditioned upon this requirement: that the number of positions within each job title under the Commonwealth's Attorney shall not be increased beyond the total established as of the effective date of this ordinance without the permission of the City Manager.

(G) The purposes of this ordinance and of the criteria and procedures it establishes are solely to supplement the compensation of the officers and employees of the Commonwealth's Attorney's Office, as authorized by Virginia Code §15.2-1605.1, as amended. Nothing contained herein or in any City Compensation Plan shall alter the status of such persons as officers and employees of the Commonwealth's Attorney, and not of the City of Norfolk, and any references to and/or applications of any City Compensation Plan are solely for the purpose of administrative convenience in computing the amount of authorized supplements.

(H) The compensation of officers or employees of the City, if any, assigned to the supervision of the Commonwealth's Attorney shall be governed solely by the applicable City Compensation Plan.

Section 9:- Commissioner of the Revenue. Whereas, It is the desire of the Council of the City of Norfolk and of the Commissioner of the Revenue that the compensation of the Commissioner of the Revenue and certain of her officers and employees which is fixed by the State Compensation Board of the Commonwealth of Virginia pursuant to Virginia Code §15.2-1636.1, as amended, be supplemented; and

Whereas, Virginia Code §15.2-1605.1, as amended, authorizes the Council, in its discretion, to supplement the compensation of Constitutional Officers and their officers and employees in such amounts as it may deem expedient; and

(C) Every officer or employee of the Commissioner of the Revenue whose compensation is fixed by the State Compensation Board at a sum less than that fixed in accordance with the regulations for the administration of the applicable City Compensation Plan for a City employee assigned to a classification with the same job title, (or, in the case of such Constitutional Officers' employees or officers whose classifications do not correspond to City class titles, at a sum less than the compensation which they would otherwise receive through the normal application of the applicable City Compensation Plan regulations), shall be paid the same compensation as said City employee (or, in the case of a Constitutional Officer's employee or officer whose classification does not correspond to a City class title, shall receive the compensation payable through the normal application of the applicable City Compensation Plan regulations).

Said Commissioner also shall periodically review the compensation of officers or employees and shall bring to the attention of the Director of Human Resources any increases required by this Section, to be made effective on the date as determined in accordance with this Section of this ordinance.

(F) Any compensation paid in accordance with this ordinance to an officer or employee of the Commissioner of the Revenue in excess of the sum fixed by the State Compensation Board shall constitute a local supplement, to be payable entirely from the funds of the City. For fiscal year 2014 salaries of officers and employees of the Commissioner of the Revenue shall be increased by two percent (2%) effective July 1, 2013.

(G) Annual increment dates for the officers and employees of the Commissioner of the Revenue shall be on their pay increment anniversary date, to be determined as follows: The anniversary date for all such officers and employees hired prior to December 1, 1996 shall be December 1, the first of which December 1 anniversary dates being the December 1 next following their initial employment or December 1, 1992, whichever date is later, and shall be the first day of the month of initial employment for all such officers and employees hired on or after December 1, 1996, regardless of any putative annual increment date otherwise established by the Compensation Board. General Plan
City of Norfolk, VA**

REGULATIONS FOR THE ADMINISTRATION OF THE FY 2014 GENERAL COMPENSATION PLAN

Section 1. Corrective Adjustments

(1) When reported errors or mistakes in the application of the compensation plan are verified by the Director of Human Resources, the City Manager will determine the appropriate corrective action. Pending the City Manager's approval, the Director of Human Resources will take immediate action to prevent continued overpayment or underpayment of any salary.

(2) For instances initially arising after July 1, 1993, when verified by Human Resources that the neutral application of the Compensation Plan, in accordance with prescribed administrative regulations, has resulted in a pay disparity with respect to similarly situated officers or employees, (i.e., employed within one year of another employee, and who was promoted at all levels within six months of another employee, and whose salary level would not be equivalent within a one year period), the City Manager shall take such corrective action as deemed appropriate.

Section 2. Alternative Placement (AP) Appointments

When an employee is lawfully appointed to a position in a different job class, due to position abolition, the employee's salary shall be placed at any pay rate within the pay grade for the job class to which appointed, at the City Manager's discretion. The Reduction-in-Force Policy (5.11) shall govern placements and salaries for employees whose positions are eliminated when a reduction in force is implemented.

Section 3. Anniversary Dates

(1) Every person initially employed on or after October 1, 1974 shall have the first day of the month in which he or she was employed as an anniversary date for all annual pay increments, when authorized by City Council. The anniversary date of each person employed prior to October 1, 1974, shall be that held on October 1, 1974. The anniversary date of an employee who is reemployed after a separation from the service of the City shall be the first day of the month in which he or she is reemployed.

(2) Reclassification, promotion, transfer, merit pay increase or demotion shall not alter any employee's anniversary date for the purpose of determining his or her entitlement to annual pay increments.

- (3) (a) If any promotion becomes effective on an employee's anniversary date, such employee, if otherwise eligible, shall be entitled to both the promotion and the annual increment, effective the start of the pay period in which the actions occur. The employee shall be credited with the annual increment prior to the promotion.
- (b) If any reclassification or regrade becomes effective on an employee's anniversary date, such employee, if otherwise eligible, shall be entitled to both the reclassification or regrade action and the annual increment, effective the start of the pay period in which the actions occur. In such instances, the employee shall be credited with the annual increment after the reclassification or regrade.

(4) An employee's anniversary date shall be deferred one calendar month for each period of thirty (30) consecutive calendar days he or she is absent from the service of the City on leave without full pay. Periods of absence resulting from disability for which an employee is entitled to worker's compensation and periods of leave without pay for military duty to the extent required by Federal law, shall not be counted for this purpose.

(5) The anniversary date of an employee changing from Temporary to Permanent Full-Time or Permanent Part-Time, with no break in service, will be the first day of the month in which their status changes.

Section 4. Annual Increments

No annual increments are authorized for Fiscal Year 2014.

Section 5. Application to Non-City Employees

This Compensation Plan assigns pay grades to certain class titles applicable only to persons who are not employees of the City, but who are employed by other governmental officials, such as those of the General Registrar. In addition, certain class titles listed in this Compensation Plan may be assigned not only to persons who are City employees, but also to certain other persons not employed by the City. Nothing in this Compensation Plan is intended to alter the employment status of persons employed by officials or entities other than the City of Norfolk and inclusion of class titles applicable to such persons in this Plan shall not have that result. Although the pay grades, pay rates and regulations contained in this Plan may be used by governmental officials and entities other than the City, at their sole option, with respect to the compensation of their employees, no such application shall be deemed to render such persons City employees, or to grant them any rights applicable to City employees.

Section 6. Definitions

"Classification" - A group of positions or other employments authorized by ordinance, e.g., special projects, which are sufficiently alike in duties and responsibilities that they are placed in the same classification specification by the Civil Service Commission and described by the same title and assigned to the same pay grade in this Compensation Plan. In the case of positions exempted from the classified service, the term "classification" is used for convenience only, as the Civil Service Commission has no authority in relation to such positions.

Compensation Schedules

“MAP (Management, Administrative, Professional)” – Includes classified, FLSA exempt positions and unclassified, exempt support staff of Council appointees, except positions in the ITMAP, Police, and Fire Compensation Schedules.

“Pay Rate” - A specific dollar amount, expressed as either an annual, semimonthly, or hourly rate as shown in the Compensation Plan schedules.

“Regular Rate of Pay” - An hourly rate for nonexempt employees determined by dividing total remuneration for employment (calculated in accordance with the FLSA) in any work week by 40, or, in the case of fire protection/emergency medical, or law enforcement employees, by the number of hours in the applicable declared work period established pursuant to Section 7(k) of the FLSA.

“Red-Circle Rate” - A designation indicating that an employee's pay rate is above the maximum rate of the pay range to which his/her classification is assigned, and that the employee is not eligible for pay increases until the maximum rate of the pay range is higher than his/her rate.

Section 7. Demotions

(1) When an employee not serving a promotional probationary period is demoted the new salary shall be placed at any pay rate within the lower classification, at the discretion of the City Manager. The employee's pay rate after demotion shall not exceed that formerly received in the higher classification.

(2) When an employee is demoted during a promotional probationary period, the salary shall be reduced to the pay rate formerly received prior to promotion.

Section 8. Salary Adjustments and Initiatives

- (1) When recommended in writing by a Department Head endorsed by the Director of Human Resources, and available funds are certified by the Director of Budget & Management, the City Manager may authorize one administrative pay adjustment per fiscal year, based upon objective criteria, including but not limited to the following:
 - (a) To meet bona fide external job offers, when loss of an employee's service would be considered detrimental to the City. An employee must furnish a copy of the external job offer on the prospective employer's stationery, with a written letter of resignation from the Norfolk position; or
 - (b) Internal equity – A review of relevant circumstances surrounding the request should be submitted (for example, the same facts for other job classes affected, such as length of service, hiring date, pay grade and step, educational background, experience, scarcity of the hiring pool at the time of employment, and similar factors); or
 - (c) Value added to the organization – It is recognized that situations change over time and the value of an individual may be enhanced by various dynamic circumstances, such that an individual should be rewarded for demonstrated value to the department/organization.

(2) The City Manager is authorized to recommend and approve bonuses for exceptionally meritorious service, if funds are available within departmental salary accounts. Only one bonus per individual may be authorized during the fiscal year. While bonuses are generally limited to no more than five (5%), the City Manager can approve a higher percentage. Bonuses will not be included in an employee's base wages or retirement calculation.

(3) Departments may establish employee recognition programs and/or provide non-monetary rewards as productivity incentives. Departments must submit proposals specifying criteria for the administration of these programs and the funding source. The City Manager shall approve and promulgate regulations for the operation of these programs. All programs, including budgetary impact, must be approved by the City Manager prior to their implementation. All such awards must be reported to the Department of Finance for tax purposes.

Section 9. Inclusiveness of Specified Compensation

The rates of compensation specified in this Compensation Plan for the positions with the classifications listed constitute the total monetary compensation of the regular, full time employees and officers holding such positions as members of the classified or unclassified service and of those holding them as members of neither service (e.g., special project employees). Also, to the extent funds are available, the City Manager or designee may pay and/or reimburse expenses authorized in advance and incurred as an incident of employment.

Section 10. New Appointees

(1) Every person whose position or other authorized employment, is included within a classification listed in this Compensation Plan, shall be employed at the minimum rate of the pay grade established for the classification, except as otherwise provided.

In the case of a new appointee whose experience and qualifications exceed the minimum qualifications for the position:

- A department director may recommend an initial salary up to step 2 of the pay grade for the position.
- The Director of Human Resources may recommend an initial salary up to step 4.
- Recommendations are subject to authorization of employment by the City Manager.
- The City Manager may, when funds are available, authorize the employment of a new appointee at any rate in such pay grade.
- The City Council, in cases of persons whose appointments it confirms, and when funds are available, may authorize employment at any rate in such pay grade.

(2) Persons initially employed in Special Project status who move to a permanent position of the same title and grade in the classified service pursuant to the rules and with the approval of the Civil Service Commission, shall have no change in compensation, unless a higher pay rate, based on a clearly identified business need, is authorized by the City Manager. The City Council, in cases of persons within this Plan whose appointments it confirms, and when funds are available, may authorize employment at any rate in such pay grade.

(3) Persons employed as temporary employees to perform the same work as that performed by an employee in a classification for which a pay grade is set forth in this Compensation Plan shall receive compensation at a rate within such pay grade to be determined by the City Manager or designee(s). Persons employed to render hourly service as periodic part-time or casual part-time employees, as provided in Chapter 2.1, Article 5 of the City Code, to perform the same work as that performed by an employee in a classification for which a pay grade is set forth in this Compensation Plan, shall receive hourly compensation at a rate within such pay grade to be determined by the City Manager or designee(s), such hourly rate to be determined from the pay schedules contained in this plan. Persons employed as temporary, intermittent part-time, or periodic part-time employees, or for hourly service as casual part-time employees to perform work which is not the same as that performed by an employee in a classification for which a pay grade is set forth in this plan, shall receive compensation as specifically provided in the schedule entitled "Temporary and Part-Time Rate Schedule," provided, however, that no person employed as a temporary, intermittent part-time, periodic part-time, or casual part-time employee shall be paid less than the applicable minimum wage established by law for such employment.

(4) When the minimum pay rate in a pay grade is below the minimum wage rate then specified by the FLSA, the initial salary of a new appointee shall be that specified by the first pay rate in the pay grade which is higher than such minimum wage rate.

(5) When the minimum pay rate in a pay grade for any Division of Social Services classification is below the minimum salary mandated for that classification by the Commonwealth of Virginia, the City Manager shall increase the compensation to the Commonwealth-specified minimum salary.

Section 11. Overtime

(A) Authorization

(1) A nonexempt employee may accrue not more than 240 hours of compensatory time (160 hours of actual overtime worked) for hours worked on or after April 15, 1986. Any such employee who, after April 15, 1986 has accrued 240 hours of compensatory time off, will, be paid monetary overtime compensation for additional overtime hours of work. A nonexempt employee who has accumulated overtime may request compensatory time off and such compensatory time off shall be granted within a reasonable period of time, so long as it does not unduly disrupt the affected Department's operation.

(2) Upon termination of employment, an employee shall be paid for unused compensatory time earned after April 14, 1986, at a rate of compensation not less than (1) the average regular rate received during the last 3 years of employment, or (2) the final regular rate received by such employee, whichever is higher.

(3) Allowances of compensatory time off shall not be convertible to monetary overtime compensation except as specifically provided in this policy. A Department Head is not authorized to convert any allowance of compensatory time off earned by exempt employees prior to July 1, 1992 to monetary overtime, unless approved, in writing, by the City Manager. Upon request by a Department Head, the City Manager may authorize payment of monetary overtime compensation, not to exceed the prorated hourly equivalent of the employee's pay rate multiplied by the number of overtime hours worked by an exempt employee prior to July 1, 1992, if determined that an allowance of compensatory time off would adversely affect the operations of the City, and when funds are available.

(4) All compensatory time off granted prior to April 15, 1986 shall be administered, regulated and used in accordance with the relevant regulations contained in the City's Compensation Plan in effect at the time of accrual.

(B) General Provisions

(1) No employee shall be entitled to or shall receive any additional monetary compensation or shall be granted any compensatory time off for hours of work in excess of the standard work day, as defined in Section 2-47 of the City Code, except as provided herein.

(2) For the purposes of determining eligibility for compensation for overtime work, City employees are assigned to two eligibility categories:

- I. Employees who under the FLSA are required to receive monetary compensation or compensatory time for overtime work in accordance with the FLSA (nonexempt employees), at the rate of one and one-half times their regular rate of pay, or compensatory time equal to one and one-half times the number of hours actually worked in excess of 40 hours in a work week.
- II. Employees who are exempt from the FLSA and are not eligible to receive either monetary overtime compensation or compensatory time off for overtime work.

The job classifications assigned to each of the two foregoing categories are listed respectively in the Compensation Plan Alphabetical Listing and Section 18, "Temporary and Part-Time Rate Schedule". These lists are current as of the effective date of these regulations and will be amended promptly whenever changes are determined to be appropriate. A change in overtime category for a position will not become effective until the applicable schedule is amended by ordinance.

(3) Nonexempt employees will be eligible for monetary overtime compensation or compensatory time off when, by reason of necessity or emergency, they are required to work in excess of 40 hours per week. Paid time off not required by the Fair Labor Standards Act or State law will not be counted as hours worked toward achieving eligibility for overtime status, unless as provided under Section 11. (D) (2) or administrative policy authorized by the City Manager. Department Heads or their designees are authorized to approve overtime work for nonexempt employees without prior written approval of the City Manager, provided that the total amount required to be paid as overtime does not exceed the budgetary appropriation for their department for that purpose. Agreement between Department Heads or their designees and the individual employee must be reached prior to performance of overtime work, if compensatory time is to be given in lieu of monetary overtime.

(4) Actual service of the full number of regularly scheduled work hours for a position, whether the schedule is standard or non-standard, must be documented before any employee will be considered to have worked overtime.

(5) Exempt employees will not be eligible for either compensatory leave or monetary overtime pay.

(6) Nonexempt employees assigned to a designated task system of operation are ineligible for overtime during the performance of their designated tasks unless: (a) the designated task requires more than 8 hours of work in any one day or more than 10 hours of work in any one work day for employees assigned to a 4 day, 10 hour per day work week; or (b) employees have completed their designated tasks for the day and are assigned additional tasks; or (c) they are required to work in excess of 40 hours in a work week. The designated tasks for each employee operating under a task system of operation shall be set forth in writing by the Department Head. Employees performing overtime work as defined in this paragraph shall be entitled to monetary overtime compensation or compensatory time off for each hour they are required to perform such work, in accordance with the regulations set forth in this plan.

(7) When state and/or federally mandated recertification training requirements cannot be accommodated during scheduled work periods, and when this circumstance has been certified, in writing, by the Director of Human Resources, employees may be granted off-duty training time, on an hour for hour basis, including the taking of the final examination, that can only be offered to them by management during off-duty hours. The provisions of this section shall supersede the generally controlling nature of the FLSA Non-Exempt and Exempt listings. Such time will not be extended to include travel time.

(8) Training required by the employer as part of an employee's normal assignments, other than training required for state and/or federal recertification, shall be considered as hours worked, and any overtime hours necessitated by such requirement shall be paid for in accordance with the FLSA and regulations herein.

(C) Holidays

In all cases where employees are required to work on any designated holiday, the following provisions will apply.

(1) Nonexempt employees will receive monetary compensation equal to one and one-half times the hourly pay rate established for their classification (except for the birthday holiday and floating holiday). In addition, these employees will be granted time off, equal to hours actually worked during their normally scheduled work hours, in lieu of the holiday; provided, however, that Refuse Collectors, Refuse Collection supervisors, and Refuse Inspectors may choose a holiday leave credit day or monetary pay (at straight time) for holidays designated by the Director of Public Works, subject to the availability of funds for monetary pay. The extra half-time payment for holiday work will not be included in computing the employee's regular rate of pay for overtime computation purposes in accordance with the FLSA. Employees required to work on their birthday holiday and/or the floating holiday will be compensated at the pay rate established for their classification.

(2) Exempt employees will be compensated at the pay rate established for their classification. In addition, these employees will be granted time off in lieu of the holiday (except for the birthday holiday and floating holiday), equal to hours actually worked during their normally scheduled work hours.

(3) Holiday leave credit for holiday service must be used within twelve (12) months from the holiday for which it is granted. Upon the request of a Department Head, and when it appears that the monetary payment for such time would be economically beneficial to the City, and/or necessary to the provision of City services, and/or would enhance the provision of City services, and when funds are available, the City Manager may authorize monetary payment for holiday leave credit accrued in accordance with Section 11. (C) (1) for nonexempt employees. . In no event [except in the case of refuse collection employees specified in Section 11 (C) (1)] shall a Department Head be authorized to convert any allowance of holiday leave credit earned by nonexempt employees in lieu of a holiday to monetary overtime, unless the conversion is expressly approved, in writing, by the City Manager, and funding is available within applicable departmental accounts for implementation of the request.

(4) When an employee's normal weekly work schedule includes a Saturday or a Sunday, and a designated holiday falls on a scheduled weekend work day, the holiday shall be observed by such employee on the actual work day on which it occurs, rather than on the preceding Friday or the Monday thereafter.

(5) When an employee is not scheduled to work on a holiday, or on the day preceding a holiday which falls on a Saturday, or on the day following a holiday which falls on a Sunday, such employee shall work his or her normal work schedule for the week the holiday is observed, and shall be granted in lieu of a holiday, holiday leave credit equivalent in hours to the number of hours such employee would have accrued in accordance with Section 2-48 of the City Code if he or she had been scheduled to work on the holiday.

(6) Holiday leave credit earned in accordance with these regulations pertaining to holidays may only be used after the occurrence of the holiday.

(7) An employee may receive only one holiday premium during any given holiday (24-hour period).

(D) Special Provisions for Emergency Declarations

(1) The City Manager may determine that an emergency situation merits the modification or suspension of basic City services, and is authorized to take such action and provide paid emergency leave to non-essential personnel and additional appropriate compensation or leave to employees required to work during this period. Any such declarations made by the City Manager shall be immediately shared with the City Council.

(2) The City Manager or his designee may approve overtime at one and one-half times the regular rate of pay for hours worked over 40 in a work week, as prescribed in administrative policy authorized by the City Manager.

(E) Special Provisions for Specific Job Classifications

(1) Certain employees of the Division of Social Services from time to time may be assigned to perform as protective services workers. When so assigned, when not working a regular tour of duty and when required to appear in a civil or criminal court, or to give a deposition in lieu of appearing in civil or criminal court to testify to the facts which arise within the scope of his or her employment with the City of Norfolk, such employees shall receive monetary overtime compensation equal to one and one-half times the hourly rate of pay established for such classifications for each hour he or she is required to be present in such court or at such proceeding. The minimum time for which such overtime compensation shall be payable will be one hour and payment after the first hour will be computed in increments of 15 minutes. The extra half-time payment for such appearances shall not be included in computing the employee's regular rate of pay for overtime computation purposes in accordance with the FLSA.

Such employees who are required to appear for any of the above purposes who are on sick leave or receiving worker's compensation because of a work related disability shall not be entitled to such overtime compensation.

(2) Whenever any employee, not working a regular tour of duty, is required to appear in a civil or criminal court, or to give a deposition in lieu of appearing in civil or criminal court to testify to the facts which arise within the scope of his or her employment with the City of Norfolk, such employee shall receive monetary overtime compensation equal to one and one-half times the hourly rate of pay established for such classifications for each hour he or she is required to be present in such court or at such proceeding. The minimum time for which such overtime compensation shall be payable will be one hour and payment after the first hour will be computed in increments of 15 minutes. The extra half-time payment for such appearances shall not be included in computing the employee's regular rate of pay for overtime computation purposes in accordance with the FLSA. Such employees who are required to appear for any of the above purposes who are on sick leave or receiving worker's compensation because of a work related disability shall not be entitled to such overtime compensation.

(3) Whenever an employee who is absent from duty on leave without pay status, or is on suspension without pay, is required by the City to appear in a civil or criminal court, or at a hearing before the Division of Motor Vehicles or the Alcoholic Beverage Control Board, or some other administrative tribunal, or to give a deposition in lieu of appearing, to testify to facts which arise within the scope of his or her employment with the City of Norfolk, such employees shall receive compensation equal to the hourly rate of pay established for such classifications for each hour he or she is required to be present in such court or at such proceeding. Such employees shall not be entitled to overtime compensation for such appearances.

(4) Whenever a former employee of the City is required by the City to appear in a civil or criminal court, or at a hearing before the Division of Motor Vehicles, the Alcoholic Beverage

Control Board, or some other administrative tribunal, or to give a deposition in lieu of appearing or for discovery purposes, by subpoena or otherwise, to testify to facts which arose within the scope of his or her employment with the City, such former employee shall receive an hourly stipend of ten dollars (\$10.00) for every hour or any part thereof required to appear.

Section 12. Part-Time Employment

The pay rates specified constitute the compensation for full-time employment. Employees holding positions who work fewer hours than full-time employees will receive compensation in the proportion which their hours of work bear to those of full-time employees in such classifications.

Section 13. Promotions and Reclassifications

"Promotion" in the classified service is governed by the definitions included in section 112 of the Charter of the City of Norfolk, as amended, and Rule 13 of the Rules of the Civil Service Commission, as amended. It is in general any advancement in rank or increase in salary beyond the limit of the pay grade attached to the incumbent's original classification specification. Promotion generally occurs pursuant to a competitive process following various provisions of the Charter of the City of Norfolk and the Rules of the Civil Service Commission. However, with the approval of the Civil Service Commission, it can proceed non-competitively via reclassification. Thus, the definition of promotion includes reclassifications of all types pursuant to Rule 4 of the Rules of the Civil Service Commission. Members of the classified service always return to at-will status for a period of probation after a promotion regardless of whether the promotion occurred pursuant to a competitive process.

"Reclassification" is assignment of a position and incumbent to a different class, in accordance with Civil Service Commission Rule 4, Section 6 (a) when the duties permanently required of the incumbent have changed to a degree significant enough that they clearly exceed or are substantially different from those contemplated by the incumbent's current class specification. The Secretary to the Civil Service Commission (Director of Human Resources), as part of any reclassification evaluation, will consult the City Manager for concurrence to proceed before presenting the reclassification to the Civil Service Commission.

"Automatic reclassification" is advancement through the following job series, in accordance with Civil Service Commission Rule 4, Section 8:

Public Safety Telecommunicator Trainee through Public Safety Telecommunicator II; or
Waterworks Operator I through Waterworks Operator IV; or
Traffic Sign Fabricator I through Traffic Sign Fabricator II; or
Traffic Maintenance Technician I through Traffic Maintenance Technician III; or
Traffic Signal Technician I through Traffic Signal Technician IV; or
Civil Engineer I through Civil Engineer III.

(1) (a) When an employee under this plan is promoted through a competitive process or automatic reclassification to a position where the minimum pay rate of the new grade is 15% or greater than the minimum pay rate of the former grade, the employee's salary shall be increased to the minimum rate of the new pay grade, or to a pay rate which is closest to 10% above the employee's former salary, whichever is greater.

(b) When an employee under this plan is promoted pursuant to a competitive process or automatic reclassification to a position where the minimum pay rate of the new pay grade is less than 15% above the minimum of the former pay grade, the employee's salary shall be increased

to the minimum pay rate of the new grade, or to a pay rate in the new grade which is closest to, but not lower than, 5% above the employee's former salary, whichever is greater.

(c) In no event shall an employee's salary, promoted under this sub-section, exceed the maximum of the new pay grade. The City Manager may authorize a higher promotional percentage, in cases of business necessity, where an employee's experience and qualifications exceed the minimum qualifications of the position, and when funds are available.

(2) When an employee is promoted through an ordinary reclassification to a position in a higher classification, the employee's salary shall be increased to the minimum pay rate of the pay grade assigned to the higher classification, and, if the employee's salary, at the time of reclassification, exceeds the minimum rate of the higher classification, the employee's salary shall be increased to the pay rate which is closest to but not lower than the former salary.

(3) Reclassifications within the following job class series shall be treated (for pay purposes) as promotions, in accordance with regulations specified in Section 13. (1): Environmental Specialist I to Environmental Specialist II, (2) Civil Engineer I through Civil Engineer III; and (3) Real Estate Appraiser I through Real Estate Appraiser III.

Section 14. Regrading of Job Classes

(1) When an employee's classification is assigned to a higher pay grade (regrade), the employee's salary shall be increased to the minimum pay rate of the new pay grade

(2) If an employee's salary exceeds the minimum rate of the new pay grade, the employee's salary shall be increased to the pay rate which is closest to but not less than the former salary.

Section 15. Reinstatement

Reinstatement is governed by Rule 12, as amended, of the Civil Service Commission of the City of Norfolk. Any request for reinstatement must be submitted to the Commission within two (2) years after separation.

Section 16. Special Duty Supplements

(1) Supplemental compensation authorized by this section will be included in calculating the regular rate of pay of nonexempt employees, as required by the FLSA. Exempt employees will not be eligible for supplements, unless indicated.

(2) During any part of a month when an employee is absent from duty on leave without pay status, or is on suspension without pay, such employee shall not be entitled to be credited with or to receive any special duty pay authorized herein for the portion of the month for which the employee is not receiving pay as noted above.

(3) No special duty pay will be considered in the computation of salary increases to which an employee is eligible due to promotion, reclassification, annual increments, or merit pay adjustments.

(4) Special duty pay is not considered as a promotion or reclassification, and will not alter an employee's classification or pay grade.

(5) Employees in the following departments/divisions and classifications who work the indicated shifts during their regularly scheduled work week shall receive, in addition to their regular pay rate, a sum equal to ten percent of this pay rate as established by this Compensation Plan, for any such shifts worked:

Fire-Rescue Plan
City of Norfolk, VA

REGULATIONS FOR THE ADMINISTRATION OF THE FY2014 FIRE-RESCUE COMPENSATION PLAN

Section 1. Administrative Adjustments

(1) When reported errors or mistakes in the application of the compensation plan are verified by the Director of Human Resources, the City Manager will determine appropriate corrective action. Pending the City Manager's approval, the Director of Human Resources will take immediate action to prevent any continued overpayment or underpayment of any salary.

(2) For instances initially arising after July 1, 1993, when verified by Human Resources that the neutral application of the Compensation Plan, in accordance with prescribed administrative regulations has resulted in a pay disparity with respect to similarly situated officers or employees, w (i.e., employed within one year of another employee, and who was promoted at all levels within six months of another employee, and whose salary level would not be equivalent within a one year period), the City Manager will take such corrective action as deemed appropriate.

Section 2. Alternative Placement (AP) Appointments

When an employee is lawfully appointed to a position in a different job class, due to position abolition, the employee's salary shall be placed at any pay rate within the pay grade for the job class to which appointed, at the City Manager's discretion. The Reduction-in-Force Policy (5.11) shall govern placements and salaries for employees whose positions are eliminated when a reduction in force is implemented.

Section 3. Anniversary Dates

(1) Every person initially employed on or after October 1, 1974 shall have the first day of the month in which he or she was employed as an anniversary date for all annual pay increments, when authorized by City Council. Every person initially employed prior to October 1, 1974, shall have October 1, 1974 as an anniversary date for all annual pay increments, when such increments are authorized by the City Council. Every person employed as of June 30, 2003 who transitioned from classifications specified in the July 1, 2002 General Compensation Plan to the minimum pay rate of a grade in the July 1, 2003 Fire Compensation Plan A shall have June 1, 2003 as an anniversary date for all annual pay increments, when such increments are authorized by the City Council. The anniversary date of an employee who is reemployed after a separation from the service of the City shall be the first day of the month in which reemployed.

2) Reclassification, promotion, transfer, merit pay increase or demotion shall not alter any employee's anniversary date for the purpose of determining entitlement to annual pay increments.

(3) (a) If any promotion becomes effective on an employee's anniversary date, such employee, if otherwise eligible, shall be entitled to both the promotion and the

annual increment effective the start of the pay period in which the actions occur. The employee shall be credited with the annual increment prior to the recognition of the promotion.

(b) If any reclassification or regrade becomes effective on an employee's anniversary date, such employee, if otherwise eligible, shall be entitled to both the reclassification or regrade action and the annual increment, effective the start of the pay period in which the actions occur. The employee shall be credited with the annual increment after the recognition of the reclassification or regrade.

(4) An employee's anniversary date shall be deferred one calendar month for each period of thirty (30) consecutive calendar days absent from the service of the City on leave without full pay. Periods of absence resulting from disability for which an employee is entitled to worker's compensation and periods of leave without pay for military duty to the extent required by Federal law, shall not be counted for this purpose.

(5) The anniversary date of an employee changing from Temporary to Permanent Full-Time or Permanent Part-Time status, with no break in service, will be the first day of the month in which their status changes.

Section 4. Salary Adjustments

No annual increments are authorized for Fiscal Year 2014.

Section 5. Definitions

"Classification" - A group of positions or other employments authorized by ordinance, e.g., special projects, which are sufficiently alike in duties and responsibilities that they are placed in the same classification specification by the Civil Service Commission and described by the same title and assigned to the same pay grade in this Compensation Plan. In the case of positions exempted from the classified service, the term "classification" is used for convenience only as the Civil Service Commission has no authority in relation to such positions.

"Employee" - As used in these regulations, includes employees and officers of the City whose compensation is specified in this Compensation Plan.

"FLSA" - The Fair Labor Standards Act.

"Exempt Employees" - Employees who are not covered by or are exempted from the minimum wage and overtime provisions of the Fair Labor Standards Act.

"Nonexempt Employees" - Employees who are subject to the minimum wage and overtime provisions of the Fair Labor Standards Act.

"Pay Grade" - A series of specific pay rates assigned to a classification as the compensation for that classification.

"Pay Rate" - A specific dollar amount, expressed as either an annual, semimonthly, or hourly rate as shown in the Compensation Plan schedules.

"Regular Rate of Pay" - An hourly rate for nonexempt employees determined by dividing total remuneration for employment (calculated in accordance with the FLSA) in any work week by 40, or, in the case of fire protection/emergency medical, or law enforcement employees, by the number of hours in the applicable declared work period established pursuant to Section 7(k) of the FLSA. The pay rates reflected in the Fire-Rescue Pay Schedule are based on forty (40) hours.

"Red-Circle Rate" - A designation indicating that an employee's pay rate is above the maximum rate of the pay range to which his/her classification is assigned, and that the employee is not eligible for pay increases until the maximum rate of the pay range is higher than his/her rate.

Section 6. Demotions

(1) When an employee not serving a promotional probationary period is demoted, the new salary shall be placed at any pay rate within the lower classification, at the discretion of the City Manager. The employee's pay rate after demotion shall not exceed that formerly received in the higher classification.

(2) When an employee is demoted during a promotional probationary period, the salary shall be reduced to the pay rate formerly received in the classification in which such employee was serving at the time of promotion.

Section 7. Salary Adjustments and Initiatives

(1) When recommended by a Department Head, endorsed by the Director of Human Resources, and available funds are certified by the Director of Budget & Management, the City Manager may authorize one administrative pay adjustment per fiscal year, based upon objective criteria, including but not limited to the following:

- (a) To meet bona fide external job offers, when loss of an employee's service would be considered detrimental to the City. An employee must furnish a copy of the external job offer on the prospective employer's stationery, with a written letter of resignation from the Norfolk position; or
- (b) Internal equity – A review of relevant circumstances surrounding the request should be submitted (for example, the same facts for other job classes affected, such as length of service, hiring date, pay grade and step, educational background, experience, scarcity of the hiring pool at the time of employment, and similar factors); or
- (c) Value added to the organization – It is recognized that situations change over time and the value of an individual may be enhanced by various dynamic circumstances, such that an individual should be rewarded for demonstrated value to the department/organization.

(2) The City Manager is authorized to recommend and approve bonuses for exceptionally meritorious service, if funds are available within departmental salary accounts. Only one bonus per individual may be authorized during the fiscal year. While bonuses are generally limited to no more than five (5%), the City Manager can approve

a higher percentage. Bonuses will not be included in an employee's base wages or retirement calculation.

(3) Departments may establish employee recognition programs and/or provide non-monetary rewards as productivity incentives. Departments must submit proposals specifying criteria for the administration of these programs and the funding source. The City Manager shall approve and promulgate regulations for the operation of these programs. All programs, including budgetary impact, must be approved by the City Manager prior to their implementation. All such awards must be reported to the Department of Finance for tax purposes.

Section 8. Inclusiveness of Specified Compensation

The rates of compensation specified in this Compensation Plan for the positions with the classifications listed constitute the total monetary compensation of the regular, full time employees and officers holding such positions as members of the classified or unclassified service and of those holding them as members of neither service (e.g., special project employees). Also, to the extent funds are available, the City Manager or designee may pay and/or reimburse expenses authorized in advance and incurred as an incident of employment.

Section 9. New Appointees

Persons appointed for the first time to Firefighter Recruit, Firefighter/EMT-Enhanced, Firefighter/EMT-I, or Firefighter/EMT-P will normally receive the minimum rate of the grade, or as provided in Section 12. The City Manager may determine a pay rate within the appropriate classification for those with prior experience in similar work.

Section 10. Overtime

(A) General Provisions

(1) No employee shall be entitled to or shall receive any additional monetary compensation or shall be granted any compensatory time off for hours of work in excess of the standard work day, as defined in Section 2-47 of the City Code, except as provided herein.

(2) For the purposes of determining eligibility for compensation for overtime work, employees are assigned to the two eligibility categories in subsection (B). The job classifications assigned to each category are listed respectively in the Compensation Plan Alphabetical Listing. This list is current as of the effective date of these regulations and will be amended promptly whenever changes are determined to be appropriate. A change in overtime category for a position will not become effective until amended by ordinance.

(3) Actual service of the full number of regularly scheduled work hours for a position, whether the schedule is standard or non-standard, must be documented before any employee will be considered to have worked overtime.

(B) Eligibility Categories

(1) Nonexempt employees- employees who under the FLSA are required to receive monetary compensation of one and one-half times their regular rate of pay, or compensatory time equal to one and one-half times the number of hours actually worked in excess of the number of hours in the applicable declared work period established pursuant to Section 7(k) of the FLSA.

(a) Non-exempt employees in this category are eligible to receive, in addition to the overtime described in the preceding sentence, compensation for hours worked beyond an employee's normal work schedule as established by his/her department until reaching the maximum number of hours in the applicable declared 7(k) work period, at the rate of the hourly equivalent of the employee's pay rate.

(b) All periods of leave, shall be counted as hours worked toward achieving eligibility for overtime status except for periods of leave without pay.

(c) Department Heads or their designees are authorized to approve overtime work by nonexempt employees without prior written approval of the City Manager, provided that overtime compensation does not exceed the budgetary appropriation for their department for that purpose. Agreement between Department Heads or their designees and the individual employee must be reached prior to performance of overtime work, if compensatory time is to be given in lieu of monetary overtime compensation.

(2) Exempt employees – employees exempt from the FLSA who are not eligible to receive either monetary overtime compensation or compensatory time off for overtime work.

(C) Training

(1) When state and/or federally mandated recertification training requirements cannot be accommodated during scheduled work periods, and when this circumstance has been certified, in writing, by the Director of Human Resources, employees may be granted off-duty training time, on an hour for hour basis, for such training, including the taking of the final examination, that can only be offered to them by management during off-duty hours. The provisions of this section shall supersede the generally controlling nature of the FLSA Nonexempt and Exempt Job Class Listings. Such time will not be extended to include travel time. Non-exempt Fire-Rescue employees required to participate in state-mandated Advanced Life Support recertification training will only be eligible to receive this compensation once every three years, in accordance with Virginia Department of Health, Office of Emergency Medical Services recertification periods.

(2) Training required by the employer as part of an employee's normal assignments, other than training required for state and/or federal recertification, shall be considered as hours worked, and any overtime hours necessitated by such requirement shall be paid for in accordance with the FLSA and regulations herein.

(D) Authorization

(1) A nonexempt employee regularly working in public safety, emergency response, or seasonal activities may accrue not more than 480 hours of compensatory time (320 hours of actual overtime worked) for hours worked in excess of the number of hours in the applicable 7(k) work period on or after April 15, 1986. Any such employee, who, after April 15, 1986, has accrued 480 hours of compensatory time, shall be paid monetary compensation for any additional overtime hours. A nonexempt employee who has accumulated overtime may request compensatory time off. Such time off shall be granted within a reasonable period of time, so long as it does not unduly disrupt departmental operations.

(2) Upon termination of employment, an employee shall be paid for unused compensatory time earned after April 15, 1986, at a rate not less than:

- (a) the average regular rate received during the last 3 years of employment,
- or
- b) the final regular rate received by such employee, whichever is higher.

(3) Allowances of compensatory time off shall not be convertible to monetary overtime, except as specifically provided in this policy. Unless approved in writing by the City Manager, Department Heads may not convert any allowance of compensatory time earned by exempt employees prior to July 1, 1992 to monetary overtime. Upon request by a Department Head, the City Manager may authorize monetary overtime, if determined that the allowance of compensatory time off would adversely affect the operations of the City, and when funds are available.. Such amounts will not exceed the prorated hourly equivalent of the employee's pay multiplied by the number of overtime hours worked by an exempt employee prior to July 1, 1992.

(4) All compensatory time off granted prior to April 15, 1986 shall be administered, regulated, and used in accordance with the relevant regulations contained in the City's Compensation Plan in effect at the time of accrual.

(E) Holidays

In all cases where employees are required to work on any designated holiday, the following provisions will apply:

(1) Nonexempt employees who are eligible for holidays shall receive monetary compensation equal to one and one-half times the hourly pay rate for their classification (except for the birthday holiday and floating holiday). In addition, they will be granted time off, equal to hours actually worked during their normally scheduled work hours in lieu of the holiday. The extra half-time payment for holiday work shall not be included in computing the employee's regular rate of pay for overtime computation purposes in accordance with the FLSA. Employees required to work on their birthday holiday and/or the floating holiday shall be compensated at the pay rate established for their classification.

(2) Exempt employees will be compensated at the pay rate established for their classification. In addition, they will be granted time off, in lieu of the holiday (except for

the birthday holiday and floating holiday). The holiday leave credit will be equal to hours actually worked during their normally scheduled work hours, not to exceed the number of hours that would have been granted, if they had not been required to work on the holiday.

(3) Holiday leave credit for holiday service must be used within twelve (12) months from the holiday for which it is granted. Upon the request of a Department Head, the City Manager may authorize monetary payment for holiday leave credit accrued in accordance with Section 10. (E) (1) for nonexempt employees, when it appears that the monetary payment for such compensatory time would be economically beneficial to the City, and/or necessary to the provision of City services, and/or would enhance the provision of City services, and when funds are available in departmental accounts. In no event shall a Department Head be authorized to convert any allowance of holiday leave credit earned by nonexempt employees in lieu of a holiday to monetary overtime compensation, unless the conversion is expressly approved, in writing, by the City Manager.

(4) When an employee's normal weekly work schedule includes a Saturday or a Sunday, and a designated holiday falls on a scheduled weekend work day, the holiday shall be observed by such employee on the actual work day on which it occurs, rather than on the preceding Friday or the Monday thereafter.

(5) When an employee is not scheduled to work on a holiday, or on the day preceding a Saturday holiday, or on the day following a Sunday holiday, such employee shall work his or her normal work schedule for the week the holiday is observed. In lieu of a holiday the employee shall be granted a holiday leave credit equivalent to the number of hours such employee would have accrued in accordance with Section 2-48 of the City Code, if he or she had been scheduled to work on the holiday.

(6) Holiday leave credit earned in accordance with these regulations pertaining to holidays may only be used after the occurrence of the holiday.

(F) Special Provisions for Emergency Declarations

The City Manager may determine that an emergency situation merits the modification or suspension of basic City services and is authorized to take such action and provide paid emergency leave to non-essential personnel and additional appropriate compensation or leave to employees required to work during this period. Any such declarations made by the City Manager shall be immediately shared with the City Council.

(G) Special Provisions for Specific Job Classifications

(1) Any Department of Fire-Rescue employee, not working a regular tour of duty, and required to appear in a civil or criminal court, or to give a deposition in lieu of appearing in civil or criminal court to testify to the facts which arise within the scope of his or her City employment will receive monetary overtime compensation equal to one and one-half times their hourly rate of pay for each hour required to be present in such court or at such proceeding. The minimum time for which such overtime compensation shall be payable will be one hour and payment after the first hour will be computed in

increments of 15 minutes. The extra half-time payment for such appearances shall not be included in computing the employee's regular rate of pay for overtime computation purposes in accordance with the FLSA. An employee required to appear who is on sick leave or receiving worker's compensation because of a work related disability shall not be entitled to such overtime compensation.

(2) Any employee who is absent from duty on leave without pay status, or is on suspension without pay, and is required by the City to appear in a civil or criminal court, or at a hearing before the Division of Motor Vehicles or the Alcoholic Beverage Control Board, or some other administrative tribunal, or to give a deposition in lieu of appearing, to testify to facts which arise within the scope of his or her employment with the City of Norfolk, shall receive compensation equal to the hourly rate of pay established for such classifications for each hour required to be present in such court or at such proceeding. Employees shall not be entitled to overtime compensation for such appearances.

(3) Any former employee of the City required by the City to appear in a civil or criminal court, or at a hearing before the Division of Motor Vehicles, the Alcoholic Beverage Control Board, or some other administrative tribunal, or to give a deposition in lieu of appearing or for discovery purposes, by subpoena or otherwise, to testify to facts which arose within the scope of his or her employment with the City, shall receive an hourly stipend of ten dollars (\$10.00) for every hour or any part thereof that he or she is required to appear.

Section 11. Part-Time Employment

The pay rates listed constitute the compensation for full-time employment. Employees who work fewer hours than full-time employees shall receive compensation in the proportion, which their hours of work bear to those of full-time employees in such classifications.

Section 12. Promotions and Automatic Reclassifications

"Promotion" in the classified service is governed by the definitions included in section 112 of the Charter of the City of Norfolk, as amended, and Rule 13 of the Rules of the Civil Service Commission, as amended. It is in general any advancement in rank or increase in salary beyond the limit of the pay grade attached to the incumbent's original classification specification. Promotion generally occurs pursuant to a competitive process following various provisions of the Charter of the City of Norfolk and the Rules of the Civil Service Commission. However, with the approval of the Civil Service Commission, it can proceed non-competitively via re-classification. Thus, the definition of promotion includes re-classifications of all types pursuant to Rule 4 of the Rules of the Civil Service Commission. Members of the classified service always return to at-will status for a period of probation after a promotion regardless of whether the promotion occurred pursuant to a competitive process.

"Automatic reclassification" is a form of promotion involving advancement from the Firefighter Recruit through Firefighter-EMT-Paramedic job series, in accordance with Civil Service Commission Rule 4, Section 8.

(1) When an employee is promoted or automatically reclassified to a position where the minimum pay rate of the new grade is 15% or greater than the minimum pay rate of the former grade, the employee's salary shall be increased to the minimum of the new pay grade, or the pay rate which is closest to but not lower than 10% above the employee's former salary, whichever is greater.

(2) When an employee is promoted or automatically reclassified to a position where the minimum rate of the new pay grade is less than 15% above the minimum of the former pay grade, the employee's salary shall be increased to the greater of the minimum of the new pay grade, or to the pay rate which is closest to but not lower than 5% above the employee's former salary.

(3) In no event will a promoted or reclassified employee's salary exceed the maximum of the new pay grade. The City Manager may authorize a higher promotional percentage, in cases of business necessity, where an employee's experience and qualifications exceed the minimum qualifications of the position, and when funds are available.

Section 13. Regrading of Job Classes

(1) When an employee's classification is assigned to a higher pay grade (regrade), the employee's salary shall be increased to the minimum pay rate of the new pay grade; or

(2) If an employee's salary exceeds the minimum rate of the new pay grade, the employee's salary shall be increased to the pay rate which is closest to but not less than the former salary.

Section 14. Reinstatement

Reinstatement is governed by Rule 12, as amended, of the Civil Service Commission of the City of Norfolk. Any request for reinstatement must be submitted to the Commission within one (1) year after separation.

City of Norfolk, VA

REGULATIONS FOR THE ADMINISTRATION OF THE FY2014 POLICE COMPENSATION PLAN

Section 1. Corrective Adjustments

(1) When reported errors or mistakes in the application of the Compensation Plan are verified by the Director of Human Resources, the City Manager will determine appropriate corrective action. Pending the City Manager's approval, the Director of Human Resources will take immediate action to prevent continued overpayment or underpayment of any salary.

(2) For instances initially arising after July 1, 1993, when it is verified by Human Resources that the neutral application of the Compensation Plan, in accordance with prescribed administrative regulations, has resulted in a pay disparity with respect to similarly situated officers or employees, (i.e., employed within one year of another employee, and who was promoted at all levels within six months of another employee, and whose salary level would not be equivalent within a one year period), the City Manager will take such corrective action as deemed appropriate.

Section 2. Alternative Placement (AP) Appointments

When an employee is lawfully appointed to a position in a different job class, due to position abolition, the employee's salary shall be placed at any pay rate within the pay grade for the job class to which appointed, at the City Manager's discretion. The Reduction-in-Force Policy (5.11) shall govern placements and salaries for employees whose positions are eliminated when a reduction in force is implemented.

Section 3. Anniversary Dates

(1) Every person initially employed on or after October 1, 1974 shall have the first day of the month in which he or she was employed as an anniversary date for all annual pay increments, when such increments are authorized by City Council. Every person initially employed prior to October 1, 1974, shall have October 1, 1974, as an anniversary date for all annual pay increments, when such increments are authorized by the City Council. Every person already employed as of June 30, 2003 who transitioned from classifications specified in the July 1, 2002 General Compensation Plan to the minimum pay rate of a grade in the July 1, 2003 Police Compensation Plan A shall have June 1, 2003, as an anniversary date for all annual pay increments, when such increments are authorized by the City Council. The anniversary date of persons promoted to the ranks of Police Corporal through Assistant Chief of Police, in accordance with Section 12. (2), shall be adjusted to the first day of the month in which the action occurred. The anniversary date of persons advancing from Police Recruit to Police Officer through automatic reclassification will be adjusted to the first day of the month in which the action occurred. The anniversary date of an employee who is reemployed after a separation from the service of the City shall be the first day of the month in which reemployed.

(2) Transfer, merit pay increase or demotion shall not alter any employee's anniversary date for the purpose of determining entitlement to annual pay increments.

(3) (a) If any promotion becomes effective on an employee's anniversary date, such employee, if otherwise eligible, shall be entitled to both the promotion and the annual increment effective the start of the pay period in which the actions occur. The employee shall be credited with the annual increment prior to the recognition of the promotion.

(b) If any reclassification or regrade becomes effective on an employee's anniversary date, such employee, if otherwise eligible, shall be entitled to both the reclassification or regrade action and the annual increment, effective the start of the pay period in which the actions occur. The employee shall be credited with the annual increment after the recognition of the reclassification or regrade.

(4) An employee's anniversary date shall be deferred one calendar month for each period of thirty (30) consecutive calendar days absent from the service of the City on leave without full pay. Periods of absence resulting from disability for which an employee is entitled to worker's compensation and periods of leave without pay for military duty to the extent required by Federal law, shall not be counted for this purpose.

(5) The anniversary date of an employee changing from Temporary to Permanent Full-Time or Permanent Part-Time status, with no break in service, will be the first day of the month in which their status changes.

Section 4. Annual Increments

No annual increments are authorized for Fiscal Year 2014.

Section 5. Definitions

"Classification" - A group of positions or other employments authorized by ordinance. e.g., special projects, which are sufficiently alike in duties and responsibilities that they are placed in the same classification specification by the Civil Service Commission and described by the same title and are assigned to the same pay grade in this Compensation Plan. In the case of positions exempted from the classified service, the term "classification" is used for convenience only as the Civil Service Commission has no authority in relation to such positions.

"Employee" - As used in these regulations, includes employees and officers of the City whose compensation is specified in this Compensation Plan.

"FLSA" - The Fair Labor Standards Act.

"Exempt Employees" - Employees who are not covered by or are exempted from the minimum wage and overtime provisions of the Fair Labor Standards Act.

"Nonexempt Employees" - Employees who are subject to the minimum wage and overtime provisions of the Fair Labor Standards Act.

"Pay Grade" - A series of specific pay rates assigned to a classification as the compensation for that classification.

"Pay Rate" - A specific dollar amount, expressed as either an annual, monthly, or hourly rate as shown in the Compensation Plan schedules.

"Regular Rate of Pay" - An hourly rate for nonexempt employees determined by dividing total remuneration for employment (calculated in accordance with the FLSA) in any work week by 40, or, in the case of fire protection/emergency medical, or law enforcement employees, by the number of hours in the applicable declared work period established pursuant to Section 7(k) of the FLSA. The pay rates reflected in the Police Pay Schedule are based on forty (40) hours.

"Red-Circle Rate" - A designation indicating that an employee's pay rate is above the maximum rate of the pay range to which his/her classification is assigned, and that the employee is not eligible for pay increases until the maximum rate of the pay range is higher than his/her rate.

Section 6. Demotions

(1) When an employee not serving a promotional probationary period is demoted, the new salary shall be placed at any pay rate within the lower classification, at the discretion of the City Manager. The employee's pay rate after demotion shall not exceed that formerly received in the higher classification.

(2) When an employee is demoted during a promotional probationary period the salary shall be reduced to the pay rate s formerly received in the classification in which such employee was serving at the time of promotion.

Section 7. Salary Adjustments and Initiatives

(1) When recommended in writing by a Department Head, endorsed by the Director of Human Resources, and available funds are certified by the Director of Budget & Management, the City Manager may authorize one administrative pay adjustment per fiscal year, based upon objective criteria, including but not limited to the following:

- (a) To meet bona fide external job offers, when loss of an employee's service would be considered detrimental to the City. An employee must furnish a copy of the external job offer on the prospective employer's stationery, with a written letter of resignation from the Norfolk position; or
- (b) Internal equity – A review of relevant circumstances surrounding the request should be submitted (for example, the same facts for other job classes affected, such as length of service, hiring date, pay grade and step, educational background, experience, scarcity of the hiring pool at the time of employment, and similar factors); or
- (c) Value added to the organization – It is recognized that situations change over time and the value of an individual may be enhanced by various dynamic circumstances, such that an individual should be rewarded for demonstrated value to the department/organization.

(2) The City Manager is authorized to recommend and approve bonuses for exceptionally meritorious service, if funds are available within departmental salary accounts. Only one bonus per individual may be authorized during the fiscal year. While bonuses are generally limited to no more than five (5%), the City Manager can approve a higher percentage. Bonuses will not be included in an employee's base wages or retirement calculation.

(3) Departments may establish employee recognition programs and/or provide non-monetary rewards as productivity incentives. Departments must submit proposals specifying criteria for the administration of these programs and the funding source. The City Manager shall approve and promulgate regulations for the operation of these programs. All programs, including budgetary impact, must be approved by the City Manager prior to their implementation. All such awards must be reported to the Department of Finance for tax purposes.

Section 8. Inclusiveness of Specified Compensation

The rates of compensation specified in this Compensation Plan for the positions with the classifications listed constitute the total monetary compensation of the regular, full time employees and officers holding such positions as members of the classified or unclassified service and of those holding them as members of neither service (e.g., special project employees). Also, to the extent funds are available, the City Manager or designee may pay and/or reimburse expenses authorized in advance and incurred as an incident of employment.

Section 9. New Appointees

Persons appointed for the first time to Police Recruit or Police Officer will normally receive the minimum rate of the grade, or as provided in Section 12. The City Manager may determine a pay rate within the appropriate classification for those with prior experience in similar work.

Section 10. Overtime

(A) General Provisions

(1) No employee shall be entitled to or shall receive any additional monetary compensation or shall be granted any compensatory time off for hours of work in excess of the standard work day, as defined in Section 2-47 of the City Code, except as provided herein.

(2) For the purposes of determining eligibility for compensation for overtime work, employees are assigned to the two eligibility categories in subsection (B). The job classifications assigned to each category are listed respectively in the Compensation Plan Alphabetical Listing. This list is current as of the effective date of these regulations and will be amended promptly whenever changes are determined to be appropriate. A change in overtime category for a position will not become effective until amended by ordinance.

(3) Actual service of the full number of regularly scheduled work hours for a position, whether the schedule is standard or non-standard, must be documented before any employee will be considered to have worked overtime.

(B) Eligibility Categories

(1) Nonexempt employees- employees who under the FLSA are required to receive monetary compensation of one and one-half times their regular rate of pay, or compensatory time equal to one and one-half times the number of hours actually worked in excess of the number of hours in the applicable declared work period established pursuant to Section 7(k) of the FLSA.

(a) Non-exempt employees in this category are eligible to receive, in addition to the overtime described in the preceding sentence, compensation for hours worked beyond an employee's normal work schedule as established by his/her department until reaching the maximum number of hours in the applicable declared 7(k) work period, at the rate of the hourly equivalent of the employee's pay rate.

(b) All periods of leave shall be counted as hours worked toward achieving eligibility for overtime status except for periods of leave without pay.

(c) Department Heads or their designees are authorized to approve overtime work by nonexempt employees without prior written approval of the City Manager, provided that overtime compensation does not exceed the budgetary appropriation for their department for that purpose. Agreement between Department Heads or their designees and the individual employee must be reached prior to performance of overtime work, if compensatory time is to be given in lieu of monetary overtime compensation.

(2) Exempt employees – employees exempt from the FLSA who are not eligible to receive either monetary overtime compensation or compensatory time off for overtime work.

(C) Training

(1) When state and/or federally mandated recertification training requirements cannot be accommodated during scheduled work periods, and when this circumstance has been certified, in writing, by the Director of Human Resources, employees may be granted off-duty training time, on an hour for hour basis, for such training, including the taking of the final examination, that can only be offered to them by management during off-duty hours. The provisions of this section shall supersede the generally controlling nature of the FLSA Nonexempt and Exempt Job Class Listings. Such time will not be extended to include travel time.

(2) Training required by the employer as part of an employee's normal assignments, other than training required for state and/or federal recertification, shall be considered as hours worked, and any overtime hours necessitated by such requirement shall be paid for in accordance with the FLSA and regulations herein.

(D) Authorization

(1) A nonexempt employee regularly working in public safety, emergency response, or seasonal activities, may accrue not more than 480 hours of compensatory time (i.e., 320 hours of actual overtime worked) for hours worked in excess of the number of hours in the applicable 7(k) work period on or after April 15, 1986). Any such employee, who, after April 15, 1986, has accrued 480 hours of compensatory time, shall be paid monetary compensation for any additional overtime hours. A nonexempt employee who has accumulated overtime may request compensatory time off, Such time off shall be granted within a reasonable period of time, so long as it does not unduly disrupt departmental operations.

(2) Upon termination of employment, an employee shall be paid for unused compensatory time earned after April 15, 1986, at a rate not less than:

- (a) the average regular rate received during the last 3 years of employment, or
- (b) the final regular rate received by such employee, whichever is higher.

(3) Allowances of compensatory time shall not be convertible to monetary overtime, except as specifically provided in this policy. Unless approved in writing by the City Manager, Department Heads may not convert any allowance of compensatory time earned by exempt employees prior to July 1, 1992 to monetary overtime. Upon request by a Department Head, the City Manager may authorize payment of monetary overtime, if determined that the allowance of compensatory time off would adversely affect the operations of the City, and when funds are available. Such amounts will not exceed the prorated hourly equivalent of the employee's pay multiplied by the number of overtime hours worked by an exempt employee prior to July 1, 1992.

(4) All compensatory time off granted prior to April 15, 1986 shall be administered, regulated, and used in accordance with the relevant regulations contained in the City's Compensation Plan in effect at the time of accrual.

(E) Holidays

In all cases where employees are required to work on any designated holiday, the following provisions will apply:

(1) Nonexempt employees who are eligible for holidays, shall receive monetary compensation equal to one and one-half times the hourly pay rate for their classification (except for the birthday holiday and floating holiday). In addition, these employees will be granted time off, equal to hours actually worked during their normally scheduled work hours, in lieu of the holiday. The extra half-time payment for holiday work shall not be included in computing the employee's regular rate of pay for overtime computation purposes in accordance with the FLSA. Employees required to work on their birthday holiday and/or the floating holiday shall be compensated at the pay rate established for their classification.

(2) Exempt employees shall be compensated at the pay rate established for their classification. In addition, they will be granted time off, equal to hours actually worked during their normally scheduled work hours, in lieu of the holiday (except for the birthday holiday and floating holiday).

(3) Holiday leave credit for holiday service must be used within twelve (12) months from the holiday for which it is granted. Upon the request of a Department Head, the City Manager may authorize monetary payment for holiday leave credit accrued in accordance with Section 10. (E) (1) nonexempt employees, when it appears that the monetary payment for such time would be economically beneficial to the City, and/or necessary to the provision of City services, and/or would enhance the provision of City services, and when funds are available in departmental accounts. A Department Head is not authorized to convert any allowance of h holiday leave credit earned by nonexempt employees in lieu of a holiday to monetary overtime compensation, unless approved, in writing, by the City Manager.

(4) When an employee's normal weekly work schedule includes a Saturday or a Sunday, and a designated holiday falls on a scheduled weekend work day, the holiday shall be observed by such employee on the actual work day on which it occurs, rather than on the preceding Friday or the Monday thereafter.

(5) When an employee is not scheduled to work on a holiday, or on the day preceding a Saturday holiday, or on the day following a Sunday holiday, such employee shall work his or her normal work schedule for the week the holiday is observed. In lieu of a holiday the employee shall be granted holiday leave credit equivalent to the number of hours such employee would have accrued in accordance with Section 2-48 of the City Code, if he or she had been scheduled to work on the holiday.

(6) Holiday leave credit earned in accordance with these regulations pertaining to holidays may only be used after the occurrence of the holiday.

(F) Special Provisions for Emergency Declarations

The City Manager may determine that an emergency situation merits the modification or suspension of basic City services, and is authorized to take such action and provide paid emergency leave to non-essential personnel and additional appropriate compensation or leave to employees required to work during this period. Any such declarations made by the City Manager shall be immediately shared with the City Council.

(G) Special Provisions for Specific Job Classifications

(1) Any employee, not working a regular tour of duty and required to appear in a civil or criminal court, or to give a deposition in lieu of appearing to testify to the facts which arise within the scope of his or her employment with the City shall receive monetary overtime compensation equal to one and one-half times their hourly rate of pay for each hour required to be present in such court or at such proceeding. The minimum time for which such overtime compensation shall be payable will be one hour and payment after the first hour will be computed in increments of 15 minutes. The extra half-time payment for such appearances shall not be included in computing the employee's regular rate of pay for overtime computation purposes in accordance with the FLSA. Employees who are required to appear for any of the above purposes who are on sick leave or receiving worker's compensation because of a work related disability shall not be entitled to such overtime compensation.

(2) Any employee who is absent from duty on leave without pay status, or on suspension without pay, and is required by the City to appear in a civil or criminal court, or at a hearing before the Division of Motor Vehicles or the Alcoholic Beverage Control Board, or some other administrative tribunal, or to give a deposition in lieu of appearing, to testify to facts which arise within the scope of employment with the City, shall receive compensation equal to the hourly rate of pay established for such classifications for each hour required to be present in such court or at such proceeding. Employees shall not be entitled to overtime compensation for such appearances.

(3) Any former employee of the City required by the City to appear in a civil or criminal court, or at a hearing before the Division of Motor Vehicles, the Alcoholic Beverage Control Board, or some other administrative tribunal, or to give a deposition in lieu of appearing or for discovery purposes, by subpoena or otherwise, to testify to facts which arose within the scope of his or her employment with the City, shall receive an hourly stipend of ten dollars (\$10.00) for every hour or any part thereof that he or she is required to appear.

Section 11. Part-Time Employment

The pay rates specified for the classifications listed constitute the compensation for full-time employment. Employees who work fewer hours than full-time employees shall receive compensation in the proportion which their hours of work bear to those of full-time employees in such classifications.

Section 12. Promotions and Automatic Reclassifications

“Promotion” in the classified service is governed by the definitions included in section 112 of the Charter of the City of Norfolk, as amended, and Rule 13 of the Rules of the Civil Service Commission, as amended. It is in general any advancement in rank or increase in salary beyond the limit of the pay grade attached to the incumbent’s original classification specification. Promotion generally occurs pursuant to a competitive process following various provisions of the Charter of the City of Norfolk and the Rules of the Civil Service Commission. However, with the approval of the Civil Service Commission, it can proceed non-competitively via re-classification. Thus, the definition of promotion includes re-classifications of all types pursuant to Rule 4 of the Rules of the Civil Service Commission. Members of the classified service always return to at-will status for a period of probation after a promotion regardless of whether the promotion occurred pursuant to a competitive process.

“Automatic reclassification” is a form of promotion involving advancement from the Police Recruit through Police Officer job series, in accordance with Civil Service Commission Rule 4, Section 8.

(1) The salaries of employees advancing from the Police Recruit through the Police Officer job series will be increased to the minimum pay rate of the higher pay grade. The anniversary date of persons advancing from Police Recruit to Police Officer shall be adjusted to the first day of the month in which the automatic reclassification occurred.

(2) When an employee is promoted to the ranks of Police Sergeant through Assistant Chief of Police, the employee's salary shall be increased to the pay rate that is the greater of the minimum of the new pay grade or the pay rate closest to 5% above the former salary. The anniversary date of persons promoted to the ranks of Police Sergeant through Assistant Chief of Police shall be adjusted to the first day of the month in which the promotion occurred.

(3) In no event will a promoted or automatically reclassified employee's salary exceed the maximum of the new pay grade. The City Manager may authorize a higher promotional percentage, in cases of business necessity, where an employee's experience and qualifications exceed the minimum qualifications of the position, and when funds are available.

Section 13. Regrading of Job Classes

(1) When an employee's classification is assigned to a higher pay grade (regrade), the employee's salary shall be increased to the minimum pay rate of the new pay grade; or

(2) if an employee's salary exceeds the minimum rate of the new pay grade, the employee's salary shall be increased to the pay rate which is closest to but not less than the former salary.

Section 14. Reinstatement

Reinstatement is governed by Rule 12, as amended, of the Civil Service Commission of the City of Norfolk. Any request for reinstatement must be submitted to the Commission within one (1) year after separation.

Section 17. Transfers

When an employee is transferred to another position in a classification assigned to the same pay grade as that assigned to the classification in which his or her former position was included, there shall be no change in such employee's compensation, unless a higher pay rate is authorized by the City Manager, based on factors such as significant additional inconvenience or expense to the employee, other identifiable differences in circumstances, or a clearly identified business necessity.

Section 18. Leave of Absence and Leave Carryover

Section 2-49 of the Code of the City of Norfolk, 1970, as amended, governs leave of absence and leave carryover. Compensation Plans FY 2014
Executive Plan
City of Norfolk, VA

Regulations for the Administration of the Executive Compensation Plan

Section 1. Corrective Action

When reported errors or mistakes in the application of the compensation plan are verified by the Director of Human Resources, the City Manager will determine the appropriate corrective action. Pending the City Manager's approval, the Director of Human Resources will take immediate action to prevent continued overpayment or underpayment of any salary

Section 2. Definitions

"Pay Grade" - The compensation limits authorized for a specific classification shown as minimum and maximum rates.

"Salary" - A specific dollar amount paid as annual compensation which is no less than the minimum limit of a pay grade and no greater than the maximum limit of the pay grade.

"Employee" - Employees and officers of the City whose compensation is governed by this Executive Compensation Plan, i.e., whose job titles are listed herein.

Section 3. Demotions

The salary of an employee who is demoted due to inadequate performance or for disciplinary reasons, will be reduced to any specific dollar amount within the pay grade to which demoted, at the discretion of the City Manager.

Section 4. Salary Adjustments

(A) Effective July 1, 2013, based on determination of overall performance, each member of this plan is authorized to receive an increase equal to 2% of salary (i.e., an amount equal to the general wage increase contained in the general plan), provided that no member's increase exceeds the maximum for the pay grade.

(B) The City Manager may authorize one administrative pay adjustment per fiscal year, based upon objective criteria, including but not limited to those following. The Director of Budget & Management must certify available funding:

(1) To meet bona fide external job offers, when loss of an employee's service would be considered detrimental to the City. An employee must furnish a copy of the external job offer on the prospective employer's stationery, with a written letter of resignation from the Norfolk position; or

(2) Internal equity – a review of relevant circumstances surrounding the request should be submitted (for example, the same facts for other job classes affected, such as length of service, hiring date, pay grade and step, educational background, experience, scarcity of the hiring pool at the time of employment, and similar factors); or

(3) Value added to the organization – It is recognized that situations change over time and the value of an individual may be enhanced by various dynamic circumstances, such that an individual should be rewarded for demonstrated value to the department/organization.

(C) The City Manager may authorize special assignment pay not to exceed pay grade maximum, when he assigns an employee additional duties that are significantly outside of their normal job responsibilities for at least fifteen (15) days. When the special assignment is discontinued, an employee's compensation shall revert to the salary previously paid prior to such assignment.

(D) The City Manager is authorized to recommend and approve bonuses for exceptionally meritorious service, subject to availability of funding within departmental salary accounts. Only one bonus per individual may be authorized during the fiscal year. While bonuses are generally limited to no more than five (5%), the City Manager can approve a higher percentage. Bonuses will not be included in an employee's base wages or retirement calculation.

Section 5. Executive Leave

Notwithstanding any other provisions of law, the City Manager is authorized, to grant a period of leave with pay not exceeding two work weeks to a new appointee for the purpose of facilitating recruitment and transition or to current employees, based on consideration of the past year's work plan and performance. This leave must be taken within one year of being granted. The City Manager may approve, in writing, an additional extension of up to six months for taking such leave. Unused leave will not be paid out upon termination.

Section 6. Inclusiveness of Specified Compensation

The rates of compensation specified in this Compensation Plan for the positions with the classifications listed constitute the total monetary compensation of the regular, full time employees and officers holding such positions as members of the unclassified service and of those holding them as members of neither service (e.g., special project employees). Also, to the extent funds are available, the City Manager or designee may pay and/or reimburse expenses authorized in advance and incurred as an incident of employment.

The members of the Executive plan will receive the same Retiree Health Care Insurance Benefit option upon retirement as the members of all other plans, except that the members of this plan shall be eligible for it upon retirement regardless of their years of creditable service under the City of Norfolk's Employee Retirement Systems.

Section 7. New Appointees

The City Manager may authorize the employment of a new appointee to a position whose title is included in this Plan at a salary within the pay grade assigned to the position. The City Manager, at his discretion and upon objective criteria, may authorize employment at a salary higher than the minimum limit of a pay grade. Notwithstanding any other provisions contained in this Plan, no employee whose position is included within this Plan will be paid a salary which exceeds the maximum limit of the highest pay grade authorized, except as specifically authorized by ordinance.

Section 8. Overtime Eligibility

Employees occupying positions whose titles are listed in this plan will not be eligible for monetary overtime compensation or compensatory time off for hours worked beyond the normal work week.

Section 9. Promotions and Regrades

When an employee is promoted to a position whose classification title is included in this Plan, the City Manager may authorize, based upon objective criteria, the salary of the employee to be at any specific dollar amount within the pay grade assigned to the classification to which the promotion is made, subject to the availability of funds for that purpose.

When an employee's classification is assigned to a higher pay grade, at the discretion of the City Manager and upon objective criteria, the employee's salary shall be increased to the minimum pay rate of the pay grade assigned to the classification to which he or she is regraded; or, if above the minimum pay rate, shall stay the same, subject to the availability of funds for that purpose.

Section 10. Temporary Acting Service

(A) The Rules of the Civil Service Commission do not apply to members of the unclassified service. When members of the unclassified service whose positions are covered under this plan are assigned temporary acting service pursuant to this subsection, the rules of this subsection shall apply. Whenever an employee is assigned to serve in a temporary acting capacity in a higher ranking or higher compensated position in this Plan, the City Manager may authorize, based upon objective criteria, the salary of the employee to be at any specific dollar amount within the pay grade assigned to the classification to which the promotion is made, subject to the availability of funds for that purpose.

(B) (1) Whenever an employee whose permanent position is not included in this Plan is legally assigned to serve in a temporary acting capacity in a position included in this Plan, such employee, during the period of such service, shall be compensated at the minimum salary of the pay grade of the position in this Plan, or as provided under item B) (2).

(2) If the employee's salary in his/her permanent classification exceeds the minimum rate of the temporary classification, he/she shall be compensated as follows:

(a) When an employee is assigned to serve in temporary acting capacity in a position where the minimum pay rate of the new pay grade is 15% or greater than the minimum rate of the former pay grade, the employee's salary shall be increased to the pay rate which is 10% above the former salary.

(b) When an employee is assigned to serve in temporary acting capacity in a position where the minimum pay rate of the new pay grade is less than 15% greater than the minimum pay rate of the former pay grade, the employee's salary shall be increased to the pay rate which is 5% above the former salary.

(C) Any special duty and education supplements authorized under the regulations of the compensation plan in which the employee's permanent position is included, shall be continued during the employee's term of temporary acting service, to the extent that they continue to be authorized for the employee's permanent position.

(D) When temporary acting service is discontinued, an employee's compensation shall revert to the salary previously paid prior to such service.

Section 11. Transfers and Reassignments

When a person occupying a position whose classification is included in this Plan is transferred or reassigned to a position in a different pay grade, when the transfer is of a permanent nature, is for the purpose of career advancement of the employee, or is for the purpose of enhancing the operational effectiveness of the city government, the salary of the affected employee may be adjusted by the City Manager, upon objective criteria, to any specific dollar amount in the new pay grade. Should the salary of an employee prior to a transfer or reassignment exceed the maximum limit of the pay grade of the position to which the transfer or reassignment is made, the City Manager may continue the employee's salary prior to transfer or reassignment. Any employee whose salary exceeds the maximum limit of a pay grade shall not receive any pay adjustments until the maximum limit of the pay grade of the position exceeds the salary established by this provision.

Employees transferred or reassigned for temporary periods, in accordance with the Executive Rotation Policy, shall receive such compensation as is specified by Section 10. (A).

Those employees holding positions within the Department of Law, under either of the Tables attached and incorporated into the Law Plan, are members of the Law Department and serve under the sole authority and supervision and at the will of the City Attorney. All personnel decisions concerning members of the Law Department are at the sole discretion of the City Attorney. Generally those members of the Law Department whose positions are listed in Table B of this plan are governed by the regulations of the General Plan, except that the City Attorney, rather than the City Manager or the Director of Human Resources, makes all personnel decisions.

Section 1. Corrective Action

Whenever it is brought to the attention of the City Attorney that an error or mistake has been made in the application of the Law Compensation Plan, the City Attorney shall initiate its immediate correction by notifying the Director of Human Resources. Pending the City Manager's review of this corrective action, the Director of Human Resources shall immediately act to correct any such error or mistake.

Section 2. Definitions

The following terms have the meaning attributed to them below unless the context clearly indicates otherwise.

"Employee" means an officer or employee whose position title is within the Law Plan. Each employee whose position title is within the Law Plan is a member of the Law Department, regardless of the Table within which his or her position title is listed.

"Member of the Law Department" means the unique status under the City Charter and Code of all employees who serve within the Department of Law under the City Attorney.

"Pay Grade" means the compensation limits authorized for a specific position title shown as minimum and maximum rates.

"Salary" – means a specific dollar amount paid as annual compensation which is no less than the minimum limit of a pay grade and no greater than the maximum limit of the pay grade.

"Support Staff" means the non-attorney members of the Law Department, those whose position titles are included within Table B of this Plan.

Section 3. Members of the Law Department – Table B.

The position titles of members of the Law Department listed in Table B may also occur within the tables associated with the General Plan, and the General Plan regulations apply in part to Law

Plan positions within Table B, including, but not limited to, the General Plan regulations concerning overtime under the Fair Labor Standards Act. However, the members of the Law Department are not ordinary subordinate employees of the City. They serve under the sole authority and supervision and at the will of the City Attorney. Consequently, the General Plan regulations only apply to members of the Law Department whose positions are listed within Table B to the extent that the application of those regulations is consistent with the status of a member of the Law Department and the specific regulations of the Law Plan that expressly apply to Table B positions. In the event of ambiguity, which of the two plan's regulations apply is a legal issue for the City Attorney to resolve. The City Attorney makes all personnel decisions concerning members of the Law Department. Therefore, to the extent the regulations of the General Plan apply to the Law Plan's Table B positions, the General Plan's provisions concerning the authority of department heads or the City Manager to make personnel decisions do not apply. Although, the City Attorney's decisions must be reasonable, the City Attorney's discretion is not governed by the criteria of the City Performance Management System, the General Employee Bonus Program or any similar instruments existing now or in the future.

Section 4. Demotions

When the City Attorney demotes a member of the Law Department whose position title is included in Table A of this plan due to inadequate performance or for disciplinary reasons, the City Attorney may reduce that employee's salary to any specific dollar amount within the pay grade attached to the position title to which the employee is demoted. The provisions of the General Plan concerning demotions apply to members of the Law Department whose position titles are included in Table B of this plan. However, it is the City Attorney that makes the demotion decisions under subsection (1) of the General Plan's demotion regulations, not the City Manager or the Director of Human Resources. Subsection (2) of the General Plan's regulation regarding demotions does not apply to members of the Law Department.

Section 5. Administrative Leave

Anything in this Plan or any other ordinance or regulation to the contrary notwithstanding, the City Attorney is authorized, in his sole discretion, to grant a period of leave with pay not exceeding two work weeks to a new appointee for the purpose of facilitating recruitment and transition, or to a current employee whose position is in Table A of this Plan, based on consideration of the past year's work and performance. This leave must be taken within one year of being granted. Unused leave of this type will not be paid out upon termination.

Section 6. Inclusiveness of Specified Compensation

The rates of compensation specified in this Compensation Plan for the positions with the classifications listed constitute the total monetary compensation of the regular, full time employees and officers holding such positions as members of the classified or unclassified service and of those holding them as members of neither service (e.g., special project employees). Also, to the extent funds are available, the City Attorney may pay and/or reimburse expenses authorized in advance and incurred as an incident of employment.

Members of the Law Department whose positions are included in Table A of this plan will receive the same Retiree Health Care Insurance Benefit upon retirement as the members of all other

plans, except that they will be eligible for it upon retirement regardless of their years of creditable service under the City of Norfolk's Employees Retirement System

Section 7. New Appointees

The City Attorney may authorize the employment of a new appointee to a position whose title is included in this Plan and listed in its Table A at a salary within the pay grade assigned to the title. Employment at a salary higher than the minimum limit of a pay grade shall be at the discretion of the City Attorney and based on objective criteria. Notwithstanding any other provisions contained in these regulations, no employee whose position is included within this Plan and its Table A shall be paid a salary which exceeds the maximum limit of the highest pay grade authorized in this Plan, except as may specifically be authorized by ordinance. Members of the Law Department whose position titles are included in Table B of the Law Plan are governed by the General Plan provisions concerning new appointees, except that it is the City Attorney who makes the decisions related to pay grades, not the City Manager or the Director of Human Resources. However, the City Attorney's discretion in authorizing a pay grade for a new appointee to a Law Plan Table B position is subject to the same restrictions as those upon the City Manager's ability to determine a pay grade for new appointees in the General Plan.

Section 8. Overtime Eligibility

Members of the Law Department whose titles are listed in Table A of this Plan shall not be eligible for monetary overtime compensation or compensatory time off for hours worked beyond the normal workweek. Members of the Law Department whose positions are listed within Table B of this Plan are governed by the overtime provisions of the General Plan and the Fair Labor Standards Act. All decisions authorizing overtime for members of the Law Department who are non-exempt under the Fair Labor Standards Act shall be made by the City Attorney.

Section 9. Compensation

(A) Table A increases: Members of the Law Department whose positions are listed within Table A of this Plan are eligible for an increase in salary effective July 1, 2013, according to the following rules. Annually, the City Attorney shall review each employee's salary for the purpose of making a compensation adjustment, based on consideration of factors such as performance, market conditions and total increases authorized by the City Council for general employees. No percentage increase shall exceed the maximum rate of that individual's pay grade. For Fiscal Year 2014, the aggregate amount of salary increases under this subsection shall not exceed the equivalent of what it would cost for each member of Table A of this Plan to receive a two percent (2%) increase.

(B) Table B increases: Members of the Law Department whose positions are listed in Table B of this Plan will receive the 2% general increase as adjusted for in the tables of the General Plan effective July 1, 2013. No annual increments are authorized for Fiscal Year 2014. When available, increments for Table B positions are governed by the regulations of the General Plan and its provisions regarding increments, except that the City Attorney makes all decisions concerning increments, not the City Manager or the Director of Human Resources.

(C) All pay rate increases within each pay grade of any member of the Law Department whose position is listed in Table A, to the extent authorized by City Council, will generally be effective July 1st of each year and will be based on performance. Members of the Law Department whose positions are within Table B of the Law Plan are governed by the regulations of the General Plan concerning anniversary dates, as modified by the provisions of the Law Plan.

(D) Bonuses: Additionally, the City Attorney is authorized to recommend and approve bonuses for exceptionally meritorious service by members of the Law Department, regardless in which of its two Tables their position titles appear, subject to availability of funding. Only one bonus per individual may be authorized during the fiscal year. While bonuses are generally limited to no more than five (5%), the City Attorney can approve a higher percentage. Bonuses will not be included in an employee's base wages or retirement calculation.

(E) Administrative Pay Adjustments: The City Attorney may authorize one administrative pay adjustment per fiscal year for members of the Law Department, based upon objective criteria, including but not limited to the following:

1. To meet bona fide external job offers, when loss of an employee's service would be considered detrimental to the City and the Law Department. An employee must furnish a copy of the external job offer on the prospective employer's stationery, with a written letter of resignation from the Norfolk position; or
2. Internal equity – A review of relevant circumstances surrounding the request should be submitted to the City Attorney for review (including but not limited to, for example, length of service, hiring date, salary, educational background, experience, scarcity of the hiring pool at the time of employment, and similar factors); or
3. Value added to the organization – It is recognized that situations change over time and the value of an individual may be enhanced by various dynamic circumstances, such that an individual should be rewarded for demonstrated value to the department/organization.

The Director of Budget & Management must certify available funding.

(F) Reductions and Denials of Increments: At the sole discretion of the City Attorney, the compensation of any member of the Law Department who fails to perform satisfactory work may be reduced, in the case of Table A positions, below that of the employee's rate of compensation as it was immediately prior to the effective date of this plan. In the case of members of the Law Department whose positions are within Table B of this Plan, the City Attorney may delay or deny any increment the employee might be eligible for, as provided in the regulations for the General Plan concerning increments (and modified by the provisions of the Law Plan) in any Fiscal Year for which increments are authorized for the positions whose titles are listed within the General Plan. At any time during the operative duration of this plan, the City Attorney may reevaluate any member of the Law Department whose salary has been reduced or whose increment has been delayed or denied under this subsection. If upon reevaluation, the City Attorney finds that the employee's work has improved, the City Attorney may approve an adjustment of that employee's salary, up to but no higher than that employee's rate of compensation immediately prior to the effective date of this plan.

Section 11. Promotions

When a member of the Law Department whose position is in Table A of this Plan is promoted, the employee's salary may be increased to any specific dollar amount within the pay grade assigned to the position title to which the promotion is made. When a member of the Law Department whose position is in Table B of this Plan is promoted, the regulations of the General Plan concerning promotions apply, except that the City Attorney makes the decisions, not the City Manager or the Director of Human Resources..

Section 12. Leave of Absence and Leave Carryover

Section 2-49 of the Code of the City of Norfolk, 1970, as amended, governs leave of absence and leave carryover for all the members of this plan. Leave of absence in excess of forty-eight (48) work days may be accrued during the year from January 1 to December 31, but may not be carried over to another such year, and any such accrued leave in excess of forty-eight (48) days shall be forfeited at the end of the first pay period of the following year.

Section 13. Leave Payout

Any remaining accrued annual leave due an employee who has left City service will be paid in the pay period following the last actual work day.

Section 14. Pay Plan Content

No officer or employee of the City shall have the authority by reference, omission, or error to change the content and administration of the City of Norfolk Compensation Plans. The various regulations, pay systems, schedules and related information adopted by City Council in each plan shall serve as the governing documents for such matters, unless and until amended by City Council.

Council Appointee Plan
City of Norfolk, VA**

Regulations for the Administration of the City Council Appointee Compensation Plan

Section 1. Administrative Adjustments

(A) When reported errors or mistakes in the application of the compensation plan are verified by the Director of Human Resources, the City Manager will determine the appropriate corrective action. Pending the City Manager's approval, the Director of Human Resources will take immediate action to prevent any continued overpayment or underpayment of any salary.

(B) The City Council may grant to current employees periods of leave in addition to the amount otherwise provided by ordinance. The granting of such additional leave shall be based on consideration of performance or other factors related to the organization's operational effectiveness and efficiency.

Section 2. Definitions

"Pay Grade" - The compensation limits authorized for a specific classification shown as minimum and maximum rates. The minimum and maximum rates shall be increased annually by the percentage amount of the general wage adjustment (GWI), if any.

"Salary" - A specific dollar amount paid as annual compensation which is no less than the minimum limit of a pay grade and no greater than the maximum limit of the pay grade.

"Employee" – Officers of the City whose compensation is governed by this Compensation Plan, i.e., whose job titles are listed herein.

Section 3. Inclusiveness of Specified Compensation

The compensation specified in this Council Appointee Compensation Plan constitutes the total compensation of persons holding positions included in this Plan.

The City Manager may choose to use a City car or to receive a monthly car allowance of \$833.33. If the car allowance is elected, that supplemental pay shall be counted as earnable compensation for the calculation of retirement pension benefits under the Employees' Retirement System of the City of Norfolk, as defined in Chapter 37 of the Code of the City of Norfolk, 1979, as amended. The City Manager shall also receive the use of a cell phone.

This Plan includes additional compensation for the City Manager as follows:

(A) a contribution in the amount of \$20,000.00 to the City Manager's section 401 account, as provided for in the City's Section 401 (a) Money Purchase Plan and Trust, established for the City Manager pursuant to and governed by section 401 of the Internal Revenue Code;

(B) the assumption of the entire costs of the health and dental insurance selected by the City Manager;

(C) the assumption of the entire cost of the City Manager's long-term disability insurance;

- (D) the assumption of the entire cost of the City Manager's mandated Virginia Retirement System life insurance; and
- (E) the assumption of the entire cost of the City Manager's membership in three professional organizations of his choosing.

The City Manager shall also be entitled to severance pay, in addition to any leave balances, if he is involuntary terminated for any reason other than malfeasance or a criminal offense, in the following amounts: if terminated during the first two years of employment, one year of severance pay at the then current rate; if terminated during the third year or any time thereafter, nine months of severance pay at the then current rate. The City Manager shall receive the same Retiree Health Care Insurance Benefit option upon retirement as the members of all other plans, except that the City Manager shall be eligible for it upon retirement from service to the City regardless of years of creditable service under the Employees' Retirement System of the City of Norfolk.

No other or additional compensation shall in any event be payable to the City Manager unless specifically authorized by these regulations or by other ordinance. The position of City Manager will not be limited by a pay grade, but will otherwise be established in accordance with this Plan.

This Plan also includes the use of a City car by the City Assessor and, for the City Attorney, either a monthly car allowance of \$833.33 or use of a City car. The City Attorney may elect either the car allowance or use of a City car. If the car allowance is elected, that supplemental pay shall be counted as earnable compensation as defined in Chapter 37 of the Code of the City of Norfolk, 1979, as amended, for the calculation of retirement pension benefits under the Employees' Retirement System of the City of Norfolk. Council appointees shall also receive the use of a cell phone. In addition, this Plan includes compensation to the City Attorney as follows: A contribution to the City Attorney's Section 457 account, established pursuant to and governed by section 457 of the Internal Revenue Code, in an amount equal to the maximum allowable, including "catch up" contributions and cost of living adjustments authorized thereunder. The contributions to the City Attorney's account are earnable compensation as defined in Chapter 37 of the Norfolk City Code.

The members of this plan and the executive plan shall receive the same Retiree Health Care Insurance Benefit option upon retirement as the members of all other plans, except that the members of this plan shall be eligible for it upon retirement from service to the City regardless of their years of creditable service under the Employees' Retirement System of the City of Norfolk.

Section 4. New Appointees

The City Council, at its discretion, may authorize the employment of a new appointee to a position whose title is included in this Plan at a salary within the pay grade or at a rate assigned to the position. Employment at a salary higher than the minimum limit of a pay grade is to be based on the qualifications of the candidate for the position (i.e., the candidate's education and relevant work experience), the market conditions which affect the availability of highly qualified candidates for the position, the assessment of the ability of the candidate to perform the duties required of the position, the necessity to offer a higher salary to employ the person, and other relevant factors which should be considered. No employee whose position is included within this Plan shall be paid a salary that exceeds the maximum limit of the highest pay grade authorized in this Plan, except as may specifically be authorized by ordinance.

Section 5. Salary Adjustments

(A) Effective July 1, 2013 each member of this plan is authorized to receive an increase equal to 2% of salary (i.e., an amount equal to the general wage increase contained in the general plan), provided that no member's increase exceeds the maximum for his or her respective pay grade.

(B) When available funds are certified by the Director of Budget & Management, the Council may authorize one administrative pay adjustment per fiscal year, based upon objective criteria, including but not limited to the following:

(1) To meet bona fide external job offers, when loss of an employee's service would be considered detrimental to the City. An appointee must furnish a copy of the external job offer on the prospective employer's stationery, with a written letter of resignation from the Norfolk position; or

(2) Internal equity – a review of relevant circumstances surrounding the request should be submitted such as length of service, hiring date, current salary, educational background, experience, scarcity of the hiring pool at the time of employment, and similar factors); or

(3) Value added to the organization – It is recognized that situations change over time and the value of an individual may be enhanced by various dynamic circumstances, such that an individual should be rewarded for demonstrated value to the department/organization.

Section 6. Leave of Absence and Leave Carryover

Notwithstanding any City ordinance or regulation, codified or uncoded, to the contrary, the leave of absence and leave carryover for these Council appointees shall be as follows: the City Assessor, City Auditor, and City Clerk may accrue leave in excess of fifty (50) work days during the year from January 1 through December 31, which may not be carried over to another such year, and any such accrued leave in excess of fifty (50) work days shall be forfeited at the end of the first pay period in January of the following year. The City Manager and City Attorney may accrue leave in excess of one hundred (100) work days during the year from January 1 through December 31, which may not be carried over to another such year, and any such accrued leave in excess of one hundred (100) work days shall be forfeited at the end of the first pay period in January of the following year.

Section 7. Leave Payout

(A) Any remaining accrued annual leave (up to the carryover limit specified in Section 6) for an employee who has left City service will be paid in the pay period following the last actual work day.

Section 8. Pay Plan Content

No officer or employee of the City shall have the authority by reference, omission, or error to change the content and administration of the City of Norfolk Compensation Plans. The various regulations, pay systems, schedules and related information adopted by City Council in each plan shall serve as the governing documents for such matters, unless and until amended by City Council.
